It sure is great to be a senior.

Underclassmen are afraid of you.

You're closer to leaving.

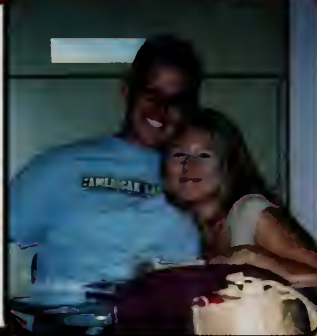

You're older and more powerful.

College is next year.

Prom is coming soon.

You're the cream of the crop.

It's great to be a senior for so many reasons.

Graduation is in the Spring.

You rule the School.

You get to take Cooking.

Authority.

Senior Privileges.

You move out of the house soon.

You get out early.

Independence.

There are good reasons?

You're almost FREE!

You get to lead activities.

Senior Banquet.

**You get to say good-bye to
East Longmeadow.**

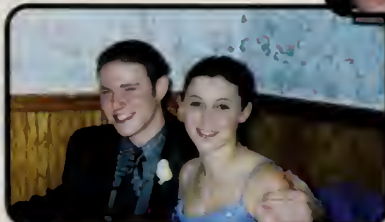

**Color Senior Pictures in
the yearbook.**

Fun Times.

Good Friends.

Not being a Junior again.

Being a Senior is just Great.

You get two formal dances.

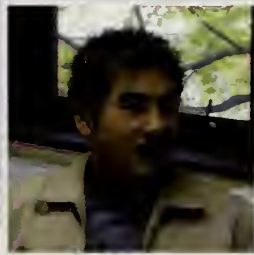

You get to meet new people.

You get more respect and responsibility.

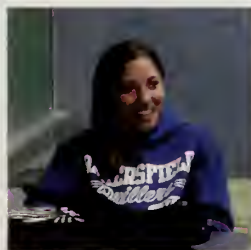

You're closer to having a career.

Basically...well...it's all great!

DEDICATION

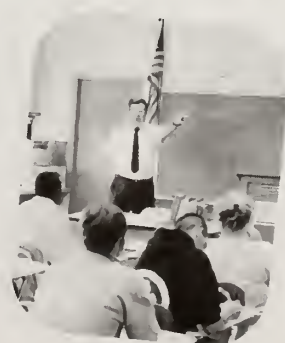

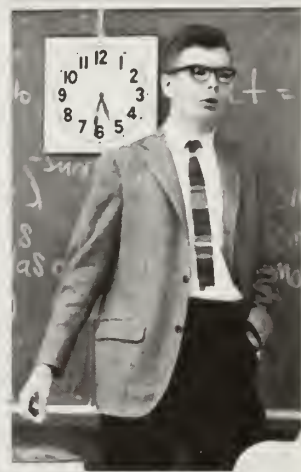

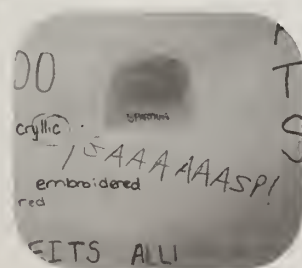

At least once in our lives we wonder if we've left an impression: have we positively influenced at least one person's life? Unfortunately there is really no way of knowing unless that person or group of people steps forward and says so. As graduating seniors we were presented with the opportunity to honor one individual who has gone above and beyond to make our high school experience just that much more rewarding.

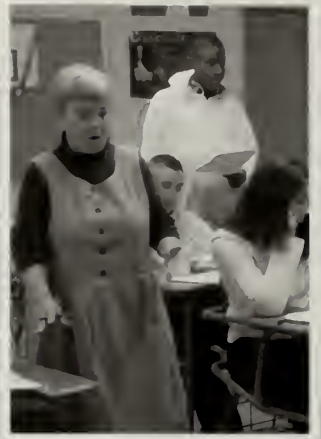

Learning a foreign language is sometimes difficult, especially because it is hard to reinforce outside of the classroom. The best way to truly learn the language is to be fully immersed in it. So for the past few years, a trip to Spain has taken place allowing a small group to further their Spanish education. However, due to world events, the 2002 and 2003 trips had to be cancelled. Each year the trip requires hard work and planning to ensure an educational and fun experience for the students. After putting so much effort into something that has failed, many would see it as a hopeless cause and give up, but once again, he tried. He's said that he has been there several times, but the trip isn't about him. It's about his students. That's commitment!

Last year, the Spanish 5 class missed the opportunity to continue their Spanish career with AP Spanish because not enough students signed up for the course. But at the end of the first marking period, the decision was made that these kids should, and deserve to take AP Spanish. Sacrificing his prep time second semester, these five students were able to culminate their high school Spanish education with AP Spanish. That's dedication!

"AAAAHHHHHHHHH! GAAAAAAASPI!" echoes through the hall, all originating from room 220. Between the GASP on the occasional posters, the clown mask, and the Spanish furby, everyone knows him. Spartanum is one place that even if you have never had a class with him, you're sure to find a joke or two about him. From 2003's teacher skit with a "dead on" portrayal of him to the history of comedy skit, he's always been great at laughing at himself. That's humility!

He may show up at the Spanish Club parties to eat, but he deserves it. He accompanies them on their trips to Shriner's Hospital to help bring a little fun into an often nerve-racking experience. He shows that he cares for both the school he works at and the community he lives in. He sets an example for each of us to care about our surrounding and to do what we can, to make it a little bit better. On behalf of the graduating class of 2004 and the Aegis Staff, this year's yearbook is dedicated to Mr. Dennis Dowling. Gracias Señor por todo que Usted hace. Tashakor. Mi se puno zahvaljujemo za vaš teski rad. Hvala vam. Merci becaucoup.

Café East

Anyone that has been to East Longmeadow High School within the last five years knows about Café East. They know that almost every Thursday a cart comes around to their classrooms with goodies for them to munch on with prices ranging from 50 cents for a cookie to \$2.00 for a bowl of cheeseburger chowder. But besides knowing that the students are busy in the kitchen cooking up new concoctions, what else do you know about Café East?

Café East was started about five years ago in 1999. Its purpose is to give culinary art students an opportunity to see how a real café runs. Students get a chance to showcase what they are learning in class, while the rest of the student body and faculty get to feast on their hard work. Café East also started as a way to give students an experience with business and entrepreneurship. Although the program is only offered to seniors, most everyone enjoys Café East. Almost 175 students participate in the program every year, and someday the program may expand.

The most popular dish is cheeseburger chowder, but students also love the cinnamon buns and the apple pies, not to mention the great smells in the halls of the school. Although cinnamon buns may not be the healthiest choice, the program hopes to add new healthier dishes to their menu in the future.

Café East is only changing for the better. In the next couple of years they hope to incorporate live café music and a book exchange/ lounge ala Starbucks.

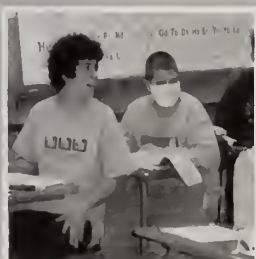

Over all Café East is a great program that benefits the whole school. Next time you pass the café and can smell your favorite foods cooking, stop in for a bite to eat, they're happy to serve you. ~Nicole Bihler

Retirement

Ms. McCormick

In September of 1968 Ms. Diane McCormick entered East Longmeadow High School as a mathematics teacher. As the year continued she started to realize she wanted to do something different that would involve individual time with students rather than group instruction. She wanted to make a difference in peoples lives and thats exactly what she did. In September 1971 she returned to school as a guidance counselor. It took a lot of time and hard work, but she earned her masters degree in guidance and later earned a certificate in administration. Even though she was qualified to run a school, she decided to remain with guidance.

Having a fulfilling job is a great way to make a living. Ms. McCormick believes that her job has been the most rewarding and fulfilling way she could have spent her last 36 years. When alumni come back to say thank you or when people say that I made a difference in their lives it really makes me feel like what I'm doing helps people and my time is being spent wisely. After more than 30 years as a counselor, she couldn't possibly think of one moment that stood out against the rest. Things that do seem to stand out are when students come back after 10 years with success stories and introduce their fiancé or children.

Retirement will be hard especially because she loves her job. Ms. McCormick will miss and be missed by her colleagues friends and students. She will miss the spirit energy and enthusiasm of the students. She feels the students keep her young and provide her lots of energy.

While retirement is the end of ones career, it also means the beginning of someone elses. Someone will fill Ms. McCormicks shoes and when they do she has some advice for them. 'Never give up on a student, but recognize you and the students have limitations. And last but not least encourage the students to see the light at the end of the tunnel that what is happening isn't the end of the world and that life does go on.'

Ms. McCormick wants to work part-time in college admissions private consulting or real estate after retirement. She won't be able to just sit back and relax; she wants to start a new career travel take up oil painting ski play golf and tennis.

Good Luck Ms. McCormick with whatever you do and remember to come back and visit because many will miss you!

As we type the last words of this page, we are faced with the realization that we are about to finish our last

step of high school. The book is done, memories recorded, laughs laughed.

Together we have walked through 12 years of public schooling and are about to part ways and take our first steps in separate directions. We hope this book will leave a positive last impression of our days together at East Longmeadow High School.

Since last June, the book has been a work in progress. We started with the basic theme of the book and worked hard to carry that theme throughout the book. We then found recruited staff members to help with the work. Between taking pictures, selling ads, and organizing information, this book has been very labor intensive, but worth every drop of sweat and second spent in the end. From selecting pictures to designing layouts, every person involved in this production has been a key factor in making it the outstanding book it has become.

Matt Fenn, thank you for helping us when we were in a bind. Your quick responses to our e-mails were greatly appreciated. Thank you for all of your brainstorming ideas in the planning part of the book and for all your help in making those ideas happen.

Greniers, without you our book would have lacked faces. A picture truly is worth a thousand words – a thousand words we didn't have to write. Thank you.

Shelly Foster, our In-Plant Consultant, thank you for all your hard work in making this a truly amazing book. Your support was greatly appreciated.

John and Sean, thank you both so much for taking this on during your senior year. All your hard work and new ideas really shine through on the pages. Even though your plastic bag filing system made us quite frustrated at times, you both made working on the book a lot of fun. Thank you.

Liz, you always waited until the last minute, but it did get done. Even when it took 4, 5...10 times to get it right, you stuck with it and your pages came out great. Thank you.

Katelyn, your consistent hard work did not go unnoticed. You've learned a lot in the last two years and we're sure you'll learn so much more in the next two. Four years of experience will go a long way in your senior yearbook.

Sam, thank you for taking time during senior advisory and after school to type everything on the pages. When this monotonous job was taken care of, our stress was mildly relieved and we could focus on the creative aspect of the book. We could always trust you and your hard work was appreciated.

Elise and Joe, your amazing talents made this year's book truly unique. You were always ready and willing to make quick changes whenever it was necessary. Thanks so much for sharing your love of art with us.

Nicole, thank you for your hard work on the Retirement and Cooking pages. You did a great job and we appreciate it.

Aegis Staff, we realize selling ads, cropping pictures, and counting ballots are not the fun jobs of yearbook, but you all lent a helping hand without any hesitation and we appreciate that more than you know. Your help and support allowed us to make sure this book was amazing. Thank you.

Mr. McMinn, thank you for sticking with us this year and budgeting our finances. You kept us on track and realistic with the possibilities for the book and we can't thank you enough.

Mrs. Rueger, we just want to say that we appreciate all of your hard work on this book. Even when things looked bad, you stayed with us and kept us going. (Val just screamed "SAVE IT!") You were always able to put a new spin on an idea that we didn't know how to make work. We appreciate you backing us up on a few unpopular decisions this year. We couldn't have done this without you. Even with Val's singing and our constant request for the Canadian flag, you put up with us and helped us accomplish our goal: an outstanding yearbook. Thank you.

Class of 2004, thank you for your cooperation on this book. Your timely response to survey questions, ballot nominations, and your biographies allowed us to worry about other aspects of the book. We hope you enjoy this book. It's yours - your memories to carry with you and remind you of your high school years. So don't be afraid to move on, and take the next step.
